### — ABOUT NKE

NKE Bearings is a leading manufacturer of high-performance bearings for wind, railway & industrial applications, with headquarters in Steyr, Austria. Founded in 1996, NKE has always been driven by a commitment to precision and quality of its products and services and is currently being trusted by the main OEM & Aftermarket companies around the world.

In 2016, the company became a part of Fersa Group, a Spanish multinational corporation specializing in designing, manufacturing, and distributing mobility solutions, high-precision bearings, and electromechanical components for the OEM & T1 and Aftermarket.
